

YUFE Skills of the Future Programme

Summer Schools

Experience the unique atmosphere of summer learning: get inspired by classes filled with motivated learners and expert instructors. Enjoy vibrant campus cities rich in heritage, and take advantage of the long, sunny days that create a joyful learning environment for everyone.

Our programs are designed for undergraduate and graduate students, as well as professionals seeking to broaden their knowledge and skills. In Summer 2025, you can choose from a variety of options that will help you develop three essential skills for today and the future:

Empathy
